

LOW-TEMPERATURE CAUTERIES

Bovie Medical has been the number one manufacturing the battery operated cauteries for decades. The new, safety-enhanced, snap-design cautery has been enhanced based on valuable customer feedback. The improved cautery offers a new safety-enhanced design with a recessed button to reduce the potential for inadvertent activation. Bovie also modified the cautery units to allow the practitioner to "snap off" the end of the cautery for safe and effective removal of the battery power source. 10 per box.
